IIT Chicago-Kent College of Law is a unique and influential law school at the forefront of legal education. Long before critics asserted that law schools were offering too little value to students, Chicago-Kent stood out among its peers by combining practical skills training with a rigorous, theoretical approach to legal education. This approach has produced skilled lawyers equally at home in the courtroom or in the boardroom.

From the initial gathering of law students in judges’ chambers, Chicago-Kent has grown to a current enrollment of over 1,000 students, a large full-time faculty and an adjunct faculty made up of practicing attorneys and members of the judiciary. Today, we celebrate 125 years of distinctive legal education.
