AN ADDITION TO THE LIBRARY

The library of the College has, for a long time, had a complete set of the American reports of the various states, as well as the Federal reports and decisions and the decisions of the United States Supreme Court. Further, we have had a large number of the original reports of the decisions of the English courts and also volumes of the American Reprints of these decisions. It is a matter of great satisfaction to the College, therefore, to be able to announce that it has added to this collection, which has answered our purpose so well, the complete reprint of the English reports from the year 1220 to 1865.

These reprints will supplement and continue the reprints of the Year Books and other early English reports made by the Selden Society, and as soon as this Society has completed the undertaking of reprinting the Year Books, our collection of the English and American decisions will be complete.
