There's No Guesswork With A. L. R.

ONCE you locate your proposition in A. L. R. there's no guesswork as to what the law is. It's all there in the annotations with every case in point, both pro and con, fully analyzed and discussed, distinctions noted, seeming differences of opinion reconciled and the true rule stated.

A.L.R. is reliable. That's one of the reasons why it has the largest subscription list of any set of reports published.

We'll show you how you can use A.L.R. in your practice if you request it.
