FROM DEAN CHAPMAN

Preliminary Summer, 1995 Class Schedule

Spring, 1995 Schedule Corrections and Information

Advanced Research - Securities Regulation, section 008, Prof. Morris, will meet on Thursday from 11:45 to 1:35 p.m., not 2:40 p.m.

Change in the Academic Calendar

The faculty voted to cancel classes on Good Friday which falls next year on April 14, 1995. The cancelled classes will be made up on Tuesday, May 2, 1995. A revised calendar for the rest of the academic year is attached to The Record.

Residency Requirement

Students must comply with the law school’s residency requirement, which appears in §1.5 of the Handbook and is reprinted below. The faculty recently amended the residency requirement by adding the underlined sentence. The residency requirement will be waived for students graduating in June, 1995 because the number of hours required to graduate was changed after they entered the law school.

Day Division students who need 84 hours to graduate should note that if they attend only one summer session, or they attend two summer sessions but don’t take at least ten hours over the two summers, they must spend six semesters in residence as defined in the section. If a student does not plan carefully, he or
she may have to take more hours in the last semester than required for graduation to meet the residency requirement.

The number of hours required to meet the residency requirement is unrelated to the definition of full-time, half-time or part-time for financial aid and scholarship purposes. For financial aid and scholarship purposes, a "full-time" student is one registered for at least 12 hours, a "half-time" student is one registered for 6 - 11 hours and a "part-time" student is one registered for fewer than 6 hours, regardless of the division in which the student is enrolled.

§1.5 Semesters in Residence

A Day Division student must spend at least six semesters "in residence" at the College or other ABA-approved law school; a Day Division semester "in residence" is a semester with at least 12 credit hours. However, a semester "in residence" for a Day Division senior student is a semester with at least 10 credit hours. An Evening Division student must spend at least eight semesters "in residence" at the College or other ABA-approved law school; an Evening Division semester "in residence" is a semester with at least eight credit hours. If a student attends two summer sessions, the number of semesters required "in residence" may be reduced by one, provided Day Division students take at least ten hours and Evening Division students take at least eight hours during the two summer sessions. The minimum credit hour requirement for summer sessions applies only to students who began their studies after 1992. Students who change from one division to the other should consult with the Associate Dean regarding their residency requirement.

**FINANCIAL AID**

**Office Notice**

Kari Smith, Assistant Director of Admissions and Financial Aid, and Deborah Hill, Senior Financial Aid Loan Counselor, will be attending a financial aid conference Wednesday, November 16, 1994 through Monday, November 21, 1994. Financial aid documents may be submitted to the Office of Admissions and Financial Aid, Suite 230, between the hours of 8:30 a.m. and 5:00 p.m. or placed in mailbox 124 or 125.

**Petition to Register with an Unpaid Balance**

Students who must complete a Petition to Register with an Unpaid Balance should submit the completed petition to the Office of Admissions and Financial Aid. Please place the petitions in the box on the front counter so that we can expedite the completion of our section and forward it to the Office of Administration and Finance.

**Important Notice for all Continuing Students**

Students who enroll in fewer credit hours than what they originally indicted on their 1994-1995 Chicago-Kent Financial Aid Application **MUST** notify the Office of Financial Aid of the total amount of credit hours they will be taking for the academic year. Notification must be given in writing and include the student’s name, social security number, and the total number of credit hours the student will be enrolled for in the fall, winter intersession and spring.

Failure to notify the Financial Aid Office may cause delays in processing checks in January, so don’t delay!! If adjustments need to be made to a student’s financial aid award, our office needs to have adequate time to notify all of the student’s lenders before the disbursement check is sent.

**Important Notice about Tuition-fee Credits**

Evening students who began at Chicago-Kent in 1991 and Day Division student who began at Chicago-Kent in 1992 need 87 credit hours to graduate. These students may take up to three extra hours tuition-free; the 88th, 89th and 90th credit hour these students register for will be free. If an Evening Division student who began in 1991 registers for 11 credit hours in the spring which brings her total up to 89 credits, she will pay for only nine credit hours. If she registers for nine credit hours bringing her total to 87 credits, she will pay for all nine hours. The free hours apply only to students who began at the times indicated above.

Students entitled to the free hours will initially be billed for all the hours for which they registered. After the Graduation Analysis Requirement forms submitted by graduating seniors are processed, these students’ accounts will be credited for the tuition for the hours in excess of 87 credit hours.

**What does this mean for students receiving financial aid?** Students who will be receiving tuition-free credits **cannot** receive financial aid for credit hours for which they will not be billed. For example, a student is enrolled for 30 credit hours but is only billed for 27 credit hours **cannot** receive loan proceeds for the extra 3 credit hours. As soon as the graduation analysis is completed by the Registrar’s Office, the Office of Financial Aid will make any necessary adjustments to a student’s financial aid based on the number of credit hours the student is being billed for.

LADR! A Program for First Year Students

Litigation and Alternative Dispute Resolution is a program for students admitted to the law school for the 1994-95 academic year.

Information Meeting will be on Wednesday, November 16, in Room 590 at 3:00 p.m. and 5:30 p.m.

Becoming a lawyer takes more than sitting through three years of law school lectures. It involves more than learning how to cross-examine hostile witnesses, writing persuasive briefs, and talking to clients. Reading about subjects such as legal ethics or law practice management is not the same as learning about them from experience.

Chicago-Kent College of Law’s Litigation and Alternative Dispute Resolution program is different from anything at any other law school. Throughout the program you will learn legal doctrine, lawyering skills, and professional values, and work in Chicago-Kent’s teaching law firm, supervised by clinical professors who are expert practitioners and mentors. You will learn the art of lawyering through two years of intensive skills and clinical training. Your experience will teach you how to become a competent, ethical, socially responsible lawyer.

Thirty Chicago-Kent students will be admitted to the program each year based upon academic potential, law school performance, and reasons for entering the program. Only students who are currently first year students may apply for admission. Applications are due during the spring ‘94 semester on Friday, January 27, 1995. Faculty advisors will be assigned to each student in the program to help them tailor their course selection to their particular career interests. Each program graduate will be awarded a Juris Doctor degree and a Program Certificate.

For Further Information. Please attend the information meeting on Wednesday, November 16, at either 3:00 p.m. or 5:30 p.m. in Room 590. You may also contact Professor Gary Laser, Room 631, or pick up a brochure in Room 600. Applications will be available in early November. Applications are due on Friday, January 27, 1995.

Course Description: Elderlaw (Aging, Law, and Public Policy)

Our burgeoning population of older people (30 million and growing) has given birth to a rapidly growing area of legal practice and scholarship known as elderlaw -- a field that has just in the last few years generated one casebook (and a second in the works by the teacher of this course), several newsletters for attorneys, a spate of national conferences, and a national organization -- The National Academy of Elderlaw.
Attorneys -- which has grown in leaps and bounds and is about to institute an ABA-approved national certification program for elderlaw attorneys.

This course will focus on both legal issues and materials and issues and materials of a broader dimension. Some or all of the following substantive matters will be addressed: guardianship; advance directives; discrimination in employment; nursing home regulation and tort litigation involving nursing homes; allocation of health care resources; Medicaid planning; elder abuse; the special ethical issues involving older clients; and the biological, sociological, and psychological aspects of aging.

There will be a number of expert guest speakers, as well as reliance on video materials. If you have any questions about the course, please contact Professor Eglit.

Course Description: Interviewing and Counseling

Interviewing and Counseling Teaches Real-World Law Skills

Students who have taken part in the Advice Desk clinic at the Daley Civic Center say it helped them polish their interviewing skills and learn to quickly evaluate a case under the pressure of a line of waiting clients.

The experience of drafting motions helps students find out how the court system really works outside of the classroom, said Brian Kalata, who has formed his own general practice since graduating from Chicago-Kent. Kalata, who said the first few weeks were "scary," now says the clinic was one of the best things he did during law school.

"All law students should experience the Advice Desk because it gives you more hands-on experience," said Kent graduate Audrey Wade, who added that the practice will serve her well for her plans to become a litigator. "It's a bridge from academia to the real world."

The clinic, an outgrowth of a Chicago Bar Association volunteer program, handles mostly contract and forcible entry and detainer cases. Working at the clinic, an elective course, is coupled with an interviewing and counseling class.

Excerpted from February 12, 1993 CHICAGO DAILY LAW BULLETIN article

Enrollment is limited to students who by Spring 1995 semester will have received credit for at least three-fifths of the total hourly credits required for graduation and who are in good academic standing. Two pass-fail credit hours. Law 404 Interviewing and Counseling.

NEWS FROM THE CENTER FOR LAW AND COMPUTERS

Good Writing Habits

The Center for Law and Computers is taking this time to give you a tip on improving your writing habits. BACKUP YOUR FILES OFTEN! We have mentioned this before, but it is very important. It takes just 5 seconds to save a document you have been working on for 2 hours. Just hit F10 (for WordPerfect) and save your file. While you are at it, be sure to save a copy of the file to another floppy; just switch floppies and hit F10 again. The time investment is minimal. There are few things worse than losing 2 hours (or more) of typing time due to a computer problem. Disks will go bad, programs may freeze, and power may go out.
Please, don’t gamble with your papers. Save early and save often. The habits you learn now will keep you in good stead throughout your legal career.

1994-1995 Student Directory Now In Electronic Format

Have you ever wondered if any of your fellow students live near-by to you? Have you ever remembered someone’s first name but just forgot their last name so you can’t find them in the Student Directory? The Center for Law and Computers has converted the 1994-1995 Student Directory into electronic format. The listings have been put into a program called Folio VIEWS, which is what our Electronic Publishing Enterprise is working in. With this version you can do a full text search of the entire book, similar to a LEXIS or Westlaw search. There are also some pre-made groups, such as all students living in Presidential Towers or Lincoln Park.

You have two ways of accessing the electronic Student Directory. While at school, look under the NEWS option on the main menu. You will find an option for the Electronic Student Directory. This will take you directly into the file.

Will Technology Change The Law Practice? Will You Be Ready?

On Wednesday, November 16, 1994, Steve Brill, chairman and editor-in-chief of THE AMERICAN LAWYER and president of Court TV; Fred Bartlit, partner in the Chicago law firm Bartlit Beck Herman Palenchar & Scott; and Professor of Law Ronald W. Staudt, director of computer development at Chicago-Kent, will present the 1994 Green Lecture. The title of this year’s lecture is Pyramids, Diamonds, and Technology: How Technology is Transforming Law and Practice. All three are excellent speakers. Each will present his own perspective on how the practice of law is changing, how law students must change, and how law schools are or are not meeting the students’ needs. The lecture will be in the Richard B. Ogilvie Auditorium from noon until about 1:30 p.m. All faculty, students, administrators and staff are invited to join us.

Final Exams On Computers

The time to prepare for exams is approaching. At Chicago-Kent, many professors allow their students to take exams on computers. Students can use WordPerfect 5.1 + for DOS, WordPerfect 6.0b for DOS, WordPerfect 5.2 for Windows, Microsoft Word 5.0 for DOS, Microsoft Word 6.0 for DOS, and Framework.

If you are not familiar with any of these programs, we recommend that you become familiar with them so you can avail yourself of the many benefits of taking exams on computers. To assist you, the Center will hold classes on saving files, using headers and page numbers in WordPerfect (5.1 +, 6.0b, 5.2), and making backups. Classes will be held in Lab 700 and we ask you to please email Jim Judge (JJJUDGE) if you are planning to attend so we can get a count.

United States Court of Appeals for the Seventh Circuit

Tuesday, November 15, 1994
Governor Richard B. Ogilvie Auditorium (live)
Room C50 (Broadcast)
Please be seated at 3:45 p.m.

The top two oral advocates in the competition will have the rare opportunity to argue while in law school before a panel of Seventh Circuit judges. Both will have previously argued in three rounds of the competition. The case presents an equal protection and First Amendment challenge to the government's "don’t ask, don’t tell" policy concerning the service of gay men and lesbians in the armed services. Our plaintiff, Joshua Robert Dalton, declared his sexual orientation on the ABC News program, Nightline, as did two actual members of the armed services earlier this year. He was discharged from the Navy after a distinguished 14-year career. The government defends the policy on the grounds that individuals who have a propensity to engage in homosexual sodomy threaten the morale, good order and discipline, and unit cohesion necessary to an effective military.

Please join us for this unprecedented visit of a panel of federal court of appeals judges and watch two of Chicago-Kent’s most successful students argue one of the most important issues affecting our society today. Please be seated by 3:45 p.m.

Pyramids, Diamonds, and Technology: How Technology is Transforming Law Practice

Wednesday, November 16, 1994
12:00 p.m.

Steven Brill, chairman and editor-in-chief of The American Lawyer and President of Court TV, writes and speaks extensively on the growing use and impact of technology on the legal profession. Mr. Brill is a principal in LEXIS Counsel Connect (LCC), a national information system for inside and outside counsel. Members include the top corporate and firm attorneys in the nation. LCC provides services that allow members to exchange electronic mail, participate in discussion groups, and search databases of legal memos and briefs.

Fred H. Bartlit, Jr., partner in the Chicago law firm Bartlit Beck Herman Palenchar & Scott, has a successful broad-based national trial practice and was recently profiled in the book, The Trial Lawyers, by Emily Couric. He is respected for his expertise and experience in technology-driven change in the law firm, and actively preaches what he practices—that technology is making fundamental change in how both new and experienced lawyers practice law.

Ronald W. Staudt, Professor of Law at Chicago-Kent College of Law and Director of the Legal Education Segment for Mead Data Central, has been involved in integrating technology into legal education since the 1980's. In 1983, Professor Staudt established the Center for Law and Computers at Chicago-Kent, where he researches and teaches about the integration of computers into law practice and legal education. Currently Professor Staudt is working to integrate the range of services from LEXIS/NEXIS, Jurisoft, LEXIS Counsel Connect, and Michie Publishing Company for the law school market.
