CRITICAL INFORMATION REGARDING: NEED-AND-MERIT-BASED AND MERIT-ONLY SCHOLARSHIPS

Continuing students are eligible to receive both need-and-merit-based and merit-only scholarships. Need-and-merit-based awards constitute a larger dollar amount than merit-only scholarships.

Merit-only scholarships do not require a financial aid application. If you are only interested in these merit-only scholarships, you do not need to apply for financial aid.

If you want to be considered for need-and-merit-based scholarships, then you must complete all of the financial aid forms, even if you are not planning to take out student loans. The Free Application for Federal Student Aid (FAFSA) must be received by the processor no later than April 1, 1998, and the Institutional Application for Financial Aid must be received by the Chicago-Kent College of Law Office of Admissions and Financial Aid, Suite 230, no later than April 1, 1998.

One of the best ways to prepare for job interviews is to participate in a mock interview session. Career strategist Deborah Gutman will conduct mock interviews in the Career Services office in March. The half-hour sessions include a videotaped mock interview, playback of the videotape, and a critique of the interview. Dates for mock interviews are: Mondays, March 18 and April 8 from 8:30 until 3:30; and Thursday, April 11 from 12:00 until 7:00 p.m.

Space is limited so make an appointment soon. You must leave a resume at the reception desk prior to the date of the interview. Please give notice of any cancellation at least 24 hours in advance.

Upcoming Career Services Programs:

96' Grads: Looking for Employment?

The legal market remains tight, resulting in prolonged job searches for graduating law school students. If you are currently looking for a full-time job, you're not alone! Stephanie Rever Chu will be holding an informal discussion group on Monday, March 18 in the Career Services Office conference room for graduating students interested in sharing information and successful job search techniques. The day student meeting will be at noon on the 18, and the evening student meeting will take place at 5:00 p.m.

Myers-Briggs Type Indicator Workshops

The more you know about your strengths and your working style, the better you'll be able to market yourself to prospective employers and the better you'll perform on the job. The Myers-Briggs Type Indicator (MBTI) is an instrument that can help you recognize your working style and make the most of it.

What exactly is the MBTI? The Myers-Briggs Type Indicator is a psychometric instrument based on the work of Carl Jung and his theory of personality types. The MBTI helps you identify your behavioral preferences— including how you gather information and how you make decisions. Once you've identified your "type", you have one more piece of information to help you find your ideal work environment, plan an effective job search, and work with colleagues, supervisor and clients once you're on the job.
An important note: the MBTI is not "test"—there are no right or wrong answers. Nor is it a career interest inventory—it doesn’t tell you whether you should be a lawyer, a door-to-door salesperson or the next David Letterman!

We are offering two sessions—one for day students and one for evening students.

Here’s what to do:

1. Make sure you can attend Part One and Part Two of the Myers-Briggs workshop. You must attend both parts of the workshop for it to be worthwhile.

   **Day:**
   - Part I—Tuesday, April 2 at noon in room 170
   - Part II—Tuesday, April 16 at noon in room 170

   **Evening**
   - Part I—Monday, April 1 at 5:00 p.m. in room 570
   - Part II—Monday, April 15 at 5:00 p.m. in room 570

2. Sign up for the Myers-Briggs on the sign up sheet at the reception desk in Career Services no later than Thursday, March 21 at 7:15 p.m. Each session is limited to 40 students, so sign up early.

3. **Before March 22,** find a spare half hour to forty minutes of time, and stop by the Career Services Office to complete the MBTI. You must complete the Indicator before the end of the day on March 22 in order to participate. The Indicator must be completed in the Career Services Office - we cannot allow the booklets to leave the office.

4. Come to the workshop prepared to learn about how you think and how you make decisions. Be prepared for some interactive exercises that will make the MBTI come alive. The MBTI can be a lot of fun, and it can help you see your professors, classmates, and significant other in a whole new way!

From the Student Careers Committee:

Jobathon IV Begins! It’s Not Too Late to Participate...

The Student Careers Committee sponsors its fourth Jobathon beginning March 18th. We are seeking students to spend a few hours in the Career Services Office calling legal employers to inquire about summer and part-time law clerk and full-time attorney positions. Last spring, 52 previously unknown job openings were discovered during the Jobathon!

Benefits for volunteers: (1) learn how to speak to employers without getting tongue-tied; (2) access the new postings before the rest of the student body - last year several callers found summer jobs this way! (3) drink free juice and sodas.

Career Services provides the training, scripts, phones and office space! Phase I of the Jobathon will be March 18 through 21. Phase II will be from April 1 until 4. Callers are needed for 9:00 a.m. through 11:00 a.m. and 2:00 p.m. through 4:00 p.m. time slots. Email Gregg Casagrande (GCASAGRA) or Rob Castle (RCASTLE) for more information. Sign up in the Career Services Office to participate!

Advanced Externship Program – Fall 1996

PROSPECTIVE THIRD YEAR STUDENTS ONLY:

Do you wish to develop your legal skills? Gain practical legal experience in a specialized area of law with a corporation, firm or government agency? Make yourself more marketable to prospective employers upon graduation? If you have answered "yes" to any of the above questions, consider applying for the Advanced Externship Program for Fall Semester 1996.

The Advanced Externship Program is a four credit hour program consisting of a 3 credit hour fieldwork and a 1 credit hour classroom component. The program is open to students in their last two semesters of law
school. For the fieldwork component, an extern is placed in a private or public, civil or criminal practice and is required to work a minimum of 15 hours a week at his/her designated placement. Externs interested in civil law may select to work under the supervision of general counsel in major corporations or under the supervision of designated teaching lawyers in well-known firms or specific government agencies. Externs may specialize in such diverse legal areas as tax, commodities, securities, corporate, health care, medical malpractice, and general corporate law, etc. Those interested in criminal law may select to work with designated supervising lawyers at the Office of the States Attorney, Public Defender, or the U.S. Attorney. Many externships may offer the externs opportunities to obtain a 711 license and appear in court.

The accompanying classroom component consists of a 1 hour class weekly, which focuses on various aspects of today’s practice of law and on the externs’ fieldwork experiences.

To apply to Advanced Externship, students must have a minimum 3.0 G.P.A. or permission from Clinical Professors Vivien Gross or Gerald Brown. Permission will be based on consideration of the following factors:

- Cumulative G.P.A.
- Current G.P.A.
- Courses taken
- Teacher recommendation(s)
- Appropriate placement

If you are interested in learning more about externship opportunities or in applying for the program, please see Professor Vivien Gross in Room 617.

More written information about the program and an accompanying application form are available in the Law Office Reception area. Applications must be turned in by Tuesday, April 2, to Ms. Carol Ross, Room 612. All applicants must have scheduled and completed an interview with Professor Gross prior to turning in their applications. Slots are limited. In the event applicants outnumber the number of students that can be accepted in the program, students with at least one semester of Law Offices or LADR (Law Alternative Disputes Resolution Program) will receive a preference over other students in being admitted in the Externship Program.

LAW OFFICES

FALL REGISTRATION FOR IN-HOUSE PROGRAMS

FALL 1996 APPLICATIONS ARE NOW AVAILABLE IN ROOM 600
DUE NO LATER THAN MONDAY, APRIL 5

Students who would like to learn how to practice law while they are in law school should apply for the in-house clinical education program, LAW OFFICES. Applications are now available for the fall. The fall applications are due no later than April 5.

Students may apply for Law Offices after they have completed their first year of law school (current first years may apply for the fall 1996 semester). To be considered for a place, ALL students must complete and return a completed Law Offices application. Applications must be turned in to the Law Offices receptionist in Suite 600 by the April 5 deadline.

Students who have previously taken, who are now taking Law Offices, or who will take Law Offices during the summer 1996 semester (called Continuing Law Offices Students) and who submit their applications by the due
date will be given preference in their same practice group if availability permits. Next, priority will be given to the top ten students on each first choice waiting list who did not turn down a place for Spring 1996, who were on the waiting list in the division they have marked as first choice, and who submitted their fall application by the due date. New students who have submitted their applications by the due date will be selected in the Law Offices lottery. The total number of available places during the fall semester is dependent upon the number of supervising attorneys in each practice group. The number of available new places is dependent upon the number of continuing students and has not yet been determined.

The in-house program is comprised of two components. One is a three credit fieldwork class graded on a pass/low pass/fail basis in which students work in practice groups on client cases or similar projects assigned to them by a supervising attorney. The fieldwork component also includes practice group lectures, supervising attorney conferences, section meetings, and various client interview experiences. The other is a graded classroom component for one credit.

There are five in-house practice groups from which to choose - employment discrimination/civil rights with some general practice, criminal defense, tax (prerequisites are Personal Income Tax and Tax Procedure, Health with some family Law, and Mediation & Other ADR Procedures. It is possible an immigration practice group may be available this fall.

For more information, you may talk to the clinical professors who supervise the various practice groups - Professors Gonzalez (Rm. 629) and Norton (Rm. 623) for employment discrimination/civil rights with some general practice; Professors Kadish (Rm. 613), Kling (Rm. 625), and Thomas (Rm. 609) for criminal defense; Professor Livingston (Rm. 688) for tax; Professor Kentra (Room 690) for mediation & other ADR procedures; and Professors Altman (Room 611), Toolan (Room 621) and Elster (Room 692) for health with some family law. There is a website that gives access to names and addresses of more than 90,000 individuals in the U.S. This information is compiled from white pages telephone directories and is updated frequently. Take a look at:
Some listings have been expanded and individualized—it's possible to make available more information than what's in the phone book—and one can also request that a listing be removed.

TORTS UPDATE: "One Free Bite"

The insurance industry reports paying an estimated $1 billion in dog-bite liability claims through homeowners insurance policies in 1994. While the number of dog bites hasn't increased in recent years, the number of cases taken to court has risen. The insurers still rely on that "one free bite" doctrine we all learned in torts class. Under English common law, dogs were considered working animals and presumed harmless unless they had bitten before, thus alerting the owner that they might be vicious. These days courts may hold owners responsible for their dogs, regardless of their history. Typically, the insurer pays the first claim and may follow with an underwriting decision not to renew the policy. Source: Wall Street Journal, March 11, 1996.

SPECIAL NOTICES

Criminal Trial Film Series and Trivia Contest!

Based on the highly acclaimed novel by Harper Lee, this week's movie, "To Kill a Mockingbird," depicts the life of lawyer and single father Atticus Finch in a rural Southern town of the 1950's. Gregory Peck won the 1962 Best Actor Oscar for his portrayal of Finch who confronts the racism of his community when he defends a black man accused of raping a white woman. This may be the best overall movie in the entire series. Join Professors Cotter, Kadish and McAdams afterwards for a brief discussion.

The Criminal Trial Film Series TRIVIA CONTEST has been solved!! Student Bob Hall answered the question: The voice of a man appearing in one of the film series' black-and-white movies is heard in an REM song. What is the name of the man, the movie and the song! The correct answer: Joseph Welch, "Anatomy of a Murder," and "Exhuming McCarthy." Joseph Welch was the nationally renown lawyer who helped to bring down Senator Joseph McCarthy and end his persecution of suspected communists in teh 1950's. Welch delivered a televised scolding of McCarthy ending with the lines: "Have you no decency Senator? Have you no shame?" Joseph Welch plays the judge in "Anatomy of a Murder." Welch's famous remarks are heard in the background of the song "Exhuming McCarthy." Congratulations Bob. Those who know their history are not condemned to repeat it.

"It will be of little avail to the people that the laws are made by men of their own choice if the laws be so voluminous that they cannot be read, or so incoherent that they cannot be understood; if they be repealed or revised before they are promulgated, or undergo such incessant changes that no man, who knows what the law is today, can guess what it will be tomorrow."

James Madison
The Federalist No. 62

"Everyone has his or her own favorite RCRA [Resource Conservation and Recovery Act] inconsistency. Ours involves the solvent-laden rag used to clean machinery. If the solvent is poured first on the machinery and then wiped with a clean rag, the rag is a hazardous waste. However, if the solvent is poured first on the rag and then is used to wipe the machinery clean, the rag is not a hazardous waste. Go figure."
