Welcome to the middle of the semester. That’s right--holidays and exams are looming on the horizon, believe it or not. (No snow yet in Chicago, but a definite chill has appeared in the air.) I know that the intensity of activity has increased in my office during the past couple of weeks, and I have the messy desk to prove it. I assume that many of you also are feeling somewhat mired in “stuff” right now. Take heart--while it may feel overwhelming right now, that’s pretty normal, and most of us are experiencing it right along with you. Keep in mind, too, that there are resources for you if the burden seems too great. Ellen Berger and Victoria Bensley in the Dean of Students’ office will be happy to talk with you about stress management, study tips, exam taking, or whatever concerns you. (Dean Julie Fenton, by the way, is the proud mom of a baby girl! Emma was born on October 7, and she, her mom, her dad, and her big brother all are doing great.)

On the P.R. front, recent commentaries by Professors Bart Brown and Martin Malin have appeared in "Election Forum," the Chicago Sun-Times series on issues likely to arise during this year’s presidential campaigns. Prof. Malin wrote about the Family Leave Act and proposals to convert overtime pay into comp time for employees with family responsibilities. Prof. Brown wrote about the political implications of U.S. action in Iraq. Both commentaries will be reprinted in future issues of the Record.

Also, you may be interested to know that Professor Morton Horwitz of Harvard Law School referred to Chicago-Kent as “the current leader in computer-aided legal study” in the September 30 issue of The National Law Journal. The story was about Harvard’s work on a first-year law program in digital format--something similar to what we’ve had students using since 1994.

More locally, an issue that has a number of you concerned relates to the application of a required grading curve to advanced courses. Some students have informed me that they feel that this change in the application of the curve happened very suddenly, without opportunity for student input, and that application of the curve will damage their grade point averages and hurt their chances for employment.
First, I want to assure you that this is not a change that was made suddenly, although many students may not have known that it was under consideration. The application of a required grade curve to advanced courses has been under consideration since the Spring, 1996, semester. Second, we don’t anticipate that this will have any significantly negative effect on overall GPA’s or class ranks. This use of the curve is intended to equalize grading standards among instructors, and significantly reduce the amount of “grade shopping” that takes place among courses and sections of courses. Finally, the proposal was discussed at several faculty meetings, worked and re-worked by the Academic Standards Committee, and finally presented for the faculty’s approval in September. The faculty approved the application of the curve, and mandated that it be put into effect for the current semester. While there was student representation both at the Committee level and at faculty meetings last year, information about the proposal apparently didn’t reach a significant proportion of the student body.

I know that there are people who are upset about this policy change, and who feel that it is unfair. The faculty certainly didn’t adopt the change because they were seeking a way to “hurt” students, and there was considerable debate and discussion about the policy. As we do with all academic policies, we will live with this system for a while, and re-think it if there appear to be problems. In the meantime, continue to give us feedback, talk to members of the faculty, and make your opinions known to your SBA representatives.

I hope that many of you were able to attend last week’s Morris Lecture, or to meet Professor Katz in a class or on another occasion. Stay tuned for next month’s Charles Green Lecture in Law and Technology, and the Kenneth Piper Lecture in Labor Law next semester!

Pass/Fail Election

You may elect to take an elective course on a pass/fail basis by submitting two copies of a pass/fail election form to the Registrar’s office by this Friday, October 18 at 5:00 pm. The 6-hour maximum for elective pass/fail hours and other pass/fail restrictions will remain in effect; please refer to Handbook § 2.4. In addition to the restrictions in the Handbook, you may not make a pass/fail election for the following fall semester courses: Employment Litigation, Advanced Criminal Law, Estates and Trusts.

If a new election will put you over the 6-hour limit, you must submit a revocation of election form for a course you are currently taking under a pass/fail election. We already permit students to revoke a pass/fail election and elect to take a grade in a course up to the last day of the semester.

Required Curve - Judicial Externship

The announcement in last week’s Record erroneously listed Judicial Externship as being subject to the mandatory curve for elective courses. Only the one-hour Judicial Externship class is subject to the mandatory curve; the fieldwork component is graded on a pass/fail basis.
Preliminary Spring Schedule

The preliminary Spring semester schedule will be distributed next week outside the third floor cafeteria.

Upcoming Programs

Judicial Clerkships

Judicial Clerkships: An Informational Program--Special Attention to 1998 Graduates

A special program on the value of a judicial clerkship as an entry level career opportunity will take place on Tuesday, October 22 at 5:00 pm in the auditorium. Judicial clerkships are post-graduation full-time positions on the staff of a judge. Most federal judges hire clerks 12 to 18 months before employment starts; state judges hire clerks 1 to 12 months before employment starts.

Chicago-Kent Professors Susan Adams, Michele Baker Richardson and Richard Warner will discuss the responsibilities of clerks, the advantages of a judicial clerkship, and the application and selection process. Professor Vivien Gross will discuss the Faculty Judicial Clerkship Committee and its advisory role.

All students, including first year students, are invited to attend the program. However, our experience has shown that most clerkships are awarded to students in the top third of their class. Students graduating in 1998 are particularly urged to attend because applications to most federal and some state judges for 1998 clerkships need to be made in early spring of 1997.

Chicago-Kent Advanced Externship Program

Spring 1997 Advanced Externship Program: 3L’s

Do you wish to develop your legal skills, gain practical legal experience in a specialized area of law with a corporation, firm or government agency, and make yourself more marketable to prospective employers upon graduation? If so, consider applying to the Advanced Externship Program for spring semester 1997.
The Advanced Externship Program is a 4 credit hour program consisting of a 3 credit hour fieldwork and a 1 credit hour classroom component. The program is open to students in their last two semesters of law school. For the fieldwork component, an extern is placed in a private or public, civil or criminal practice and is required to work a minimum of 15 hours a week at his/her designated placement. Externs interested in civil law may select to work under the supervision of general counsel in major corporations or under the supervision of designated teaching lawyers in well-known firms or specific government agencies. Externs may specialize in such diverse legal areas as tax, commodities, securities, corporate, health care, medical malpractice, general corporate law, etc. Those interested in criminal law may select to work with designated supervising lawyers at the States Attorney's Office, Public Defender's Office, or the U.S. Attorney's Office. Many externships offer the externs opportunities to obtain a 711 license and appear in court.

The accompanying classroom component consists of a 1 credit hour weekly class, which focuses on the profession and practice of law today.

If you are interested in learning more about externship opportunities or in applying to the program, please see Professor Vivien Gross in room 617.

More information about the program and an accompanying application form will be available in the Law Offices Reception Area as of Monday, September 30, 1996. Applications must be turned in to Room 612 by 5:00 pm on Friday, October 18. All applicants must have scheduled and completed an interview with Professor Gross prior to turning in their applications. Slots may be limited. Should extern applicants outnumber the number of students who can be accepted into the program, students with at least one semester of Law Offices or LADR (Litigation Alternative Disputes Resolution program) will receive preference.

This week’s tutorial is about doing legislative history research in Congressional Information Service, popularly known as CIS. The tutorials are being presented by the Reference Staff of the Information Center and the schedule is posted on the 9th floor bulletin board. You don’t have to sign up for them; just show up by the Reference Desk at the scheduled times. If you have any comments about the times or the topics being offered, we will be happy to have them. STUDY BREAK

If you would like to see two Internet sites that offer food for thought, try visiting:

http://www.chicagohs.org
This is a Chicago Historical Society presentation of pictures from the current CHS exhibit on the 125th Anniversary of the great Chicago Fire of 1871. The panoramic views of the burnt out city taken by avid cameramen after the fire are especially interesting.

http://rs6.loc.gov/papr/mpixhome.html
This is a Library of Congress site showing early motion pictures made at the turn of the century from 1897-1915. Among the early films are some made of San Francisco and of New York City. One nice touch provided is that this website gives viewers instructions on how to download the films and pictures for more convenient use.
MORRIS LECTURE TAPE AVAILABLE

A videotape of Professor Hein D. Kötz’ lecture is available for viewing in the Information Center’s media room. Professor Kötz discussed the process of “Europeanizing” law and called for encouraging a common European legal culture and literature and for creating European law schools. Ask for it at the 9th floor Library Service Desk.

MISS THE DEBATES?

If you missed the first Presidential candidates’ debate, don’t worry! The October 8 issue of the New York Times contains a transcript of the 10/6 debate. The New York Times is available on LEXIS in the News library (NYT file) and on Westlaw (NYT database). Daily issues of the Times are also available on the 6th floor of the Info Center in the Leisure Reading area.

EVENTS FROM THE FIRST MONDAY IN OCTOBER

The U.S. Supreme Court formally opened the new term last Monday. Some interesting occurrences from that first day: the calendar was cleared of appeals that had piled up since the last term ended on July 1 as the Justices denied review in more than 1,500 cases, including that of Unabomb suspect, Ted Kaczynski; they also declined to review the challenges of Whitewater defendant former Arkansas Governor Jim Guy Tucker to the authority of the special prosecutor; Justice Scalia returned from the recess with a beard, becoming the first bearded member of the Court since Chief Justice Charles Evans Hughes (who retired in 1941).

Ms. Gillis is an insurance defense lawyer at Schoen & Smith. While at Chicago-Kent, Ms. Gillis was involved with the Women’s Bar Association of Illinois, and eventually became president of the organization. LEGAL ASSISTANCE FOUNDATION OF CHICAGO, the primary public interest legal service agency that serves the poor of Chicago, is seeking volunteers for a variety of positions. Volunteers are needed for the neighborhood intake offices and special projects, including those that protect the rights of children, victims of domestic violence, and victims of housing discrimination. 711 students would have the opportunity to appear in court on behalf of tenants facing eviction and to help obtain orders of protection and divorces for victims of domestic violence.

If you are interested in the Legal Assistance Foundation or in any other possible volunteer opportunity, please stop by the SOS office in room 686.

SOS OFFICE HOURS:

Connect your Notebook to the Network
The CLC can help you configure your notebook computer for connection to KENTNET. To connect your notebook, you will need a 10Base-T Ethernet adapter and cable. Westmate 6.1 Problems?

A number of students have had problems with the 6.1 version of Westmate on the network. Although West is doing everything possible to correct the problem (hopefully before this is published), we’d like to apologize for any inconvenience and remind you that the above help is available. Additionally, if Westmate 6.1 has stopped in the middle of printing, inadvertently causing heart trouble, you can always call West and have them pull up your research and re-send it to the Printer.

Saving "Projects" versus Downloading or Printing in Westmate 6.1

These are not the same. Saving a project will store, in a file of your choosing, the history of your research session. This will include all queries/ find documents / Shepard’s etc. that you performed during your research session. Instead of saving every document you retrieved, it saves all of your search commands and summaries of their results, displays them in a list in the “open project” window and allows you to pick and choose which ones to re-run later.

If you prefer to save specific documents to disk, use the print/download button on the tool bar and choose the file location and type. This will store a copy of the particular document on your floppy disk or laptop hard drive.

Also, try e-mailing documents to yourself or research partner instead of printing or downloading. In the download/print window, choose “e-mail” instead of a printer or file location and type in the internet address.
On October 2, 1996, the three-member Federal Labor Relations Authority, sitting in Washington, D.C., unanimously affirmed the rulings made by Professor Howard Eglit last year in an arbitration involving the U.S. Department of Veterans Affairs Medical Center and the American Federation of Government Employees, Local 2107.

LITIGATION AND DISPUTE RESOLUTION STUDIES: What is LADR???

This is a program to which first-year students may apply and is different from anything at any other law school! The first-year students who are accepted begin the program during their second year of law school.
Becoming a lawyer takes more than sitting through three years of law school lectures. It involves more than learning how to cross-examine hostile witnesses, write persuasive briefs, and talk to clients. Reading about subjects such as legal ethics or law practice management is not the same as learning about them from experience.

Throughout the LADR program, you will learn legal doctrine, lawyering skills, and professional values, and work in Chicago-Kent’s teaching law firm, supervised by clinical professors who are expert practitioners and mentors. You will learn the art of lawyering through two years of intensive skills and clinical training. Your experience will teach you how to become a competent, ethical, socially responsible lawyer.

There will be informational meetings and brochures available soon. WATCH THE RECORD FOR FUTURE ANNOUNCEMENTS!

WHAT’S GOING ON AT IIT?

The Institute of Psychology at IIT invites you to LIKE CLOCKWORK: SEASONAL AFFECTIVE DISORDER, by Michael A. Young, Associate Professor and Director of Clinical Training. The lecture takes place on Tuesday, October 15, at 4:00 p.m. in the Hermann Union Building on IIT’s main campus. Such questions as: Is winter depression different from holiday blues or cabin fever? Does getting winter depression depend on where you live? When in the year do people start getting symptoms? Does light treatment really work? will be addressed. Please RSVP to 312-567-3029. There will be a reception following the lecture. See you there!

ORGANIZATIONS

FROM MARK SCOTT, PRESIDENT OF THE STUDENT BAR ASSOCIATION

We are pleased with the number of Chicago-Kent students who participated in the worthwhile Race Ipsa Loquitur. In the end, we had twenty-three students, more than any other law school. In addition, a special Congratulations goes out to the modest Chicago-Kent student who finished second in her division. Chicago-Kent was an event sponsor and the only school {other than Loyola, where the event organizer attends} to appear on the official race shirt, along with several law firms. The event illustrates the significant role Chicago-Kent students play in a variety of community outreach activities.

October Social: We hope your daytimer has Conviser Bash written on Thursday, October 17. You deserve a break from the law school routine. Take the time. Make sure your calendar is blocked on Thursday, October 17. The Fall Conviser Bash will begin at 7:00 pm. The event will be held at Off-Track Betting, located at 223 West Jackson. Please be advised that student concerns (i.e., food and beverages) about previous events at the OTB have been addressed.

Fall Lecture Series: Please be advised that the SBA’s Fall Lecture Series will take place during the first week of November. The theme for the lecture series is "Emerging Legal Issues for the 21st Century." On November 4-7, the SBA will host several speakers that are expected to deliver riveting perspectives on a wide variety of topics. A pamphlet detailing the speakers and topics will be available before the beginning of the events. We will begin announcing details of the series in next week’s Record. If you are interested in participating in the development of this very important event, please e-mail Jenni Henley, Chair of the Speakers Program Committee.

Travel/Conference Budget Line Item: Please be advised that the Finance Committee is proposing a new policy to the Board of Governors during the October 15 meeting. Please make sure that you have forwarded your arguments and positions to a BOG member. Direct inquiries to SBAQ.
New Business:

1. Pass/Fail Election Window: We are pleased to announce that the faculty voted to allow a re-opening of the pass/fail election window. The SBA, on behalf of several students, requested the faculty to revisit the issue in light of the length of notice given to the student population and the overall implications of the grading curve application to upperclass electives. We would like to thank Beth Freemal (3L) for her active role in this effort. In addition, we would like to thank the faculty and administration for their collective understanding of the student community’s dilemma in this matter.

2. Budget Expenditures: Please be advised that the Policy and Procedures Manual details the processes that must be followed when using allocated SBA financial reserves. Included in the Manual are the appropriate forms that need to be completed. Should your student organization need forms or have budget questions, please contact Kim Jessum.

3. Lobby and Concourse Student Organization Signage: After reviewing the signs located in the lobby and concourse areas, the SBA decided to purchase signage that reflects the current locations of the student organizations. Any student organization that has been assigned office space will have a sign indicating the such. In addition, the spelling errors will also be corrected. Direct inquiries to SBAQ.

Student Organization Committee (SOC)

Our first meeting this past Wednesday was very productive. Thank you to all of the organizations that sent a representative. On Tuesday we will be finalizing for presentation to the SBA BOG: the New Organization Formation Procedure; the SBA Finance Committee Guidelines for approving Student Organization Budgets; a Request for Office Space form; and a boilerplate student organization constitution. We will also be discussing further how this committee can work with the student organizations to better collect and disseminate event information as well as increase student involvement in the organization and attendance at the event. Hope to see you Tuesday.

WOMEN IN LAW

Professor JC Smith of the University of British Columbia Faculty of Law, who will deliver the Green Lecture in Law and Technology at noon on Tuesday, November 5, is also the co-author, with Carla J. Ferstman, of a book recently published by New York University Press, entitled THE CASTRATION OF OEDIPUS: FEMINISM, PSYCHOANALYSIS, AND THE WILL TO POWER. The book draws from the work of Nietzsche, Freud, Lacan and Derrida, and ends up with a challenging reversal-of-power thesis. Professor Smith would be very interested in discussing the book with interested faculty and students when he is here, Monday, November 4 through Wednesday morning November 6. Time with Prof. Smith is tentatively scheduled for Monday, November 4. This is a great opportunity to meet a scholar of feminism in a relaxed informal forum. Please contact TPETRUSO if you think you would be interested in attending.

Look for announcements on upcoming panels that WIL is co-sponsoring, such as the one on domestic violence within homosexual relationships which is being sponsored with GayLaw.

Committee meeting should be scheduled this week. Look for e-mail stating where and when meetings will be held.

Any 2L, 3L or 4L WIL members interested in being a mentor to 1L members should contact TPETRUSO or RDONEGAN. This is a great chance to pass on your wisdom and experience!

Re: Team Tryouts

Tryouts for the 1997 Chicago-Kent Trial Advocacy Team will be held on Wednesday, November 13, 1996. All interested persons should meet at 5:00 p.m. at the Abraham Lincoln Marovitz Courtroom at the school. The only requirement is that you are a full-time Kent student.

The Regional Competition will be held in the second week of February, 1997. Winners of that round will go to Texas for the final round in the first week in April. This is the major national trial competition for law schools. It begins with more than 200 teams throughout the country. For the past two years, Chicago-Kent has been the Regional Champion and has gone on to participate in the national competition.

There are five team positions open. We plan to chose six students at the open tryouts and from these six, four will become team members. Those who are chosen will begin practicing almost immediately. Please do not try out unless you are willing to commit a substantial part of your life to preparing for the Competition. Our purpose is to turn you into trial lawyers.

During the tryouts you will be asked to present up to five minutes of an opening statement, closing argument, and direct and cross-examination. We will be using State v. Fletcher & Morris, case file #8.11. The witnesses will be Richard Edwards and Samuel Green. Please prepare an opening and a closing for one side, not both. Prepare a direct for one of the witnesses and a cross for the other. We expect to announce the winners on the night of the tryouts, so please be prepared to wait until the decisions have been made by the coaching staff.

If you have any questions, please call Judge David Erickson at (312)890-7425.
